OUR PROGRAM LAST WEEK

Denny Madigan gave the club a detailed description of his business, **An Affair to Remember**. An Affair to Remember has been in operation since 1998, Denny bought the business in 2010. Denny says that they still offer the same services that they offered 26 years ago.

An Affair to Remember offers digitizing services transferring old technology to new technology. The old technology varies from 8 Millimeter film to VHS and audio tapes. Denny said, "if it's on tape we can digitize it." To transfer the film they use a 1946 projector. Denny says they also deal with slides, lots of slides, including a 7300 slide project that has recently been completed. In addition to their digitizing business An Affair to Remember videos over 100 weddings a year and offers screen and projector rentals. Denny says they focus on customer service and have longstanding relationships with their clients. Denny encourages us all to get our precious memories on a USB drive so that they can be enjoyed and preserved.

Good afternoon from San Juan del Sur, Nicaragua...

Here are a few photos from the relocated library, library staff, and a bonus picture of a happy little reader.

The generous donation from Winchester Rotary helped with nearly half of the renovation expenses, and now the library is open and serving the community.

Many thanks from a grateful little town in Nicaragua. All our best, Rosemary Green
